PROFESSIONAL SUMMARY

Senior Mobile Engineer with **8+ years** building production mobile applications — **6+ years in Flutter** and **4 years** as a native Android (Java) developer. Currently engineering **STAGE OTT (44M+ downloads**, featured on Shark Tank India). Single-handedly designed and shipped the **Flingo** dating app (870K+ downloads). Combines deep mobile craft with AI-driven engineering — an in-house **Delta OTA** update system, autonomous build-test-PR agent loops (**Loop Engineering**), and an org-wide **AI engineering playbook**.

TECHNICAL SKILLS

Languages & Frameworks: Flutter, Dart, Kotlin, Java, Jetpack Compose, XML
Architecture & State Management: MVVM, BLoC, Provider, GetX, Hilt
Backend & Data: REST API, Dio, Http, JWT Authentication, SQLite, Sqflite, Room
Firebase: Authentication, Firestore, FCM, Crashlytics, Deep Links, Remote Config, A/B Testing
DevOps & Testing: Git, Bitbucket, GitHub CI, Tramline, Patrol, BrowserStack, LambdaTest
Payments: Stripe, Razorpay, JusPay, Paytm, PhonePe
Analytics: Amplitude, AppsFlyer, CleverTap, RudderStack, Adjust, Firebase
AI Engineering: Claude Code, Codex, agentic workflows, custom skills/tooling

PROFESSIONAL EXPERIENCE

Senior Software Engineer (Mobile) — STAGE OTT

Noida, India | Nov 2023 – Present

- Build product features end-to-end for STAGE, a **44M+ download** OTT platform (featured on Shark Tank India), spanning research, planning, development, and project management.
- Built an in-house **Delta OTA** (over-the-air) update system to ship Flutter patches to users without waiting on app-store review cycles.
- Authored STAGE's org-wide **AI engineering playbook** — gstack with Claude & Codex setup, auto-updating tooling via a **/update** command, and custom skills (**/stage-designer**, static-page deploy).
- Designed **Loop Engineering** — builder-checker-looper agents that build any feature or fix bugs, run their own tests, and raise pull requests autonomously.
- Rewrote the STAGE video player, increasing content consumption by **20%**.
- Migrated the STAGE TV app to **Kotlin Jetpack Compose**, growing weekly active users from **100 to 4,000**.
- Migrated Flutter integration tests to **Patrol**; integrated GitHub CI with LambdaTest and BrowserStack for automated release-cycle and device-farm testing.
- Integrated **Tramline** to automate the release pipeline, reducing release time by **90%**.

Senior Software Engineer (Mobile) — STAGE OTT

Remote | Apr 2022 – Jun 2023

- Responsible for initial research, planning, and developing any feature requested by the STAGE product team, and managing the project.
- Implemented Facebook Ads deep links that reduced customer acquisition cost (CAC) for the STAGE app.

Senior Software Engineer — ParkingRhino

Bangalore, India | Aug 2018 – Mar 2022

- Built B2B parking-management software (Android) running on POS hardware, digitizing parking spaces pan-India.
- Developed the PolyQ Flutter app for trainers and students; integrated **8+ POS printer SDKs**.
- Owned research, planning, delivery, and client satisfaction across multiple products.

PROJECTS

- STAGE (44M+ downloads)** — OTT platform for Haryanvi & Rajasthani dialects; Stripe & Razorpay recurring payments, deferred deep links, freemium, international login, 100+ APIs, 50+ A/B tests. Flutter, Kotlin, Jetpack Compose.
- Flingo (870K+ downloads)** — Dating app to find people nearby; designed, built, published, and maintained single-handedly. Backed by an SEO landing funnel driving 13K+ clicks at a 30% app-install rate. Android, Java, Firebase.
- FlipFiction** — Romantic fiction, short stories, and thriller reader. Flutter, Dart.
- Parkin / Parkola** — QR-based parking booking with in-app wallet payments. Flutter, Dart.
- PolyQ** — Online training-course booking app for trainers and students. Flutter, Dart.
- ParkingRhino B2B** — POS-machine parking-management app, including a Kuwait white-label build. Java, Android.

EDUCATION

B.E., Computer Science & Engineering — Assam Engineering College, Guwahati | 2014 – 2018

AWARDS & LANGUAGES

Awards: AFMI Silver Medals — 2nd among Muslims, Assam (HSLC 2011; HS 2013)
Languages: English, Hindi (Professional); Assamese, Bengali (Native)
